The Houlikes and Louis Disperson this year to represent the Senior Class as Senior Best. Both have been widely involved in government, school service, class inadership and athletics. With these qualities they have exceed the title Senior Best 1970:

Trange when and Maries Replaced, in their part years at St. Joseph, have shown deficution and achievement in everything they have done liftish an ambition and qualitat, such as their, the future holds many appartments and challenges in which George and Massess with most profit.

with their charm and personality. Norces about and Rob Shiffrar have attracted everyone at St. Joseph. You can always count on Norces for a maile and Rob for a laugh and you can always count on both of them for their binominationalship.

Who are me rieshy aresers? Well everyone knows that Shari Done and Mike Carty are Shari has excellent taste in fashion coordination and Mike has the class of eleganost. Both are fashion conscious and the most tastefully dressed members of the Senior Class.

If you ever see a growd around Kelly Butler and Eddie Hubbard, you'll know why. They are that Most Fun To Be With, and the funniest as well Kelly and Eddie are full of water remarks for every occasion.

They we got Spirit, year they do danie Will and Dana Girard have shown their spirit at games and no tallies. Dana has showed his spirit by shaving his head. Janie has shown here by keeping the cuties class popped up during allies. Both have given St. Joseph the spirit and unity it deserves.

Catch them in their favorite subject. flirting

Entiry Blive and Randy Meets is their passerand opera is their game. Selected as being Adels Adels by the Select Class, both ince involved in many spectra and have contributed a great deal to their respective teams. They supresent our school with police and they'll always be comembered feasily by their class at St. Joseph.

Reflect back now, in a time when you were young, for we have all grown up. Can you remember the days when you were happy and from with time on your nide? The days when we were all the most likely to succeed, the days when we all had the best personalities, to our friends anyway? Can you remember? If you can't, look to the present and you'll see that you're still all of these things, and more. You see, nothing has changed, we are, and will forever be, the Class of 1978, and we will always have the best personalities, and the incurable desire to succeed.

So now, look to the future, you will have a all to do, surely you know. Don't let one single chance peer you by and from time to time, when you feel deprened with your existence, semember the happy times. Remember the way that each of us was different in personality and the tray we numbed to succeed, but please, most of an exempter the class of 78 for it was, and in truly a great one.

Mrs. Houlihan is the spirit that haunts the library

Are the St. Joseph faculty and administration really "Charlie's Angels?" If so, they certainly had their devilish moments. Working with the Angels on various assignments, the students saw many facets of their teachers' personalities as the year progressed. Those who went on the Junior and Senior retreats saw that the faculty members in attendance were just normal people. During spirit week, the faculty joined in the competition and showed that they were as funloving as their students. Out on the playing field, athletes became acquainted with a different side of their coaches' characters. This year we were, also, introduced to twelve new teachers, each with something special to offer his pupils.

Teachers often played the role of undercover detectives, carrying out orders from the high command, Hofschulte-Townsend Investigations. Some students considered the Angels to be spying villains, while others were very appreciative of the blessings bestowed upon them by the heavenly multitude. All in all, Charlie's Angels put on a good show this sea-

son and received a number one rating.

Eloise, Patricia, Mary, Melody and Becky all agree that too many cooks can still make very good broth.

Each class was assigned a quarter for fund-raising. The seniors began the year very short on funds; they needed \$3000 more and had only a few weeks to raise it. Their main event was a chicken bar-b-que. The class pulled together and worked hard. At their final count, they found that they had reached their goal. With the money, the seniors purchased a gift of luncheon tables for the school and paid for their graduation activities.

Colleen Dana and Class President Andy Sanchez cheer on their mob of sophomore gangsters.

The jumor class couldn't leave school so they brought the beach with them. "Beach Boys" Erik Schosser, George Marquez, Steve MacNeil, Chuck Buckley, and Steve Winsell added to the seaside atmosphere. Then it was Friday, and the school was invaded by an army of seniors. A band of guerillas went so far as to kidnap Mr. Lewis. Spirit Week was a huge success due largely to the efforts of hardworking class officers and moderators.

Leading the school in spirit and enthusiasm were the 1977-78 cheerleaders and songleaders. This great effort paid off as we've had a lot more participation at rallies and at games.

Organization played a key part in such a successful year. Shari Doss and Lecia Diaz, head cheerleader and songleader, were on top of such things as practices, rallies, and various spirit activities. Making sure everything was done was important, and their efforts, along with that of the squad, helped to make St. Joseph's spirit remain sky high.

Christmas Dance

The Christmas Dance, which took place on December 17, 1977, was held in the gym. It is an event that everyone eagerly anticipates. The Christmas Dance is different, because it is a girl-ask-guy dance. This only happens once a year, so it is interesting for guys to see what it's like to wait for girls to ask them, and for the girl to get the courage to ask someone. It is a very delightful and special occasion.

THE BAND IS NOW AVAILABLE!

This is the first year St. Joseph has ever had a band. This dream was made possible by a new teacher, former student, David Donati. Through his hard work, the students have given several performances and have accompanied the Madrigal Singers. Their presence during home football games has added to the school's spirit and the games excitement. The band has exposed a lot of hidden talent and hopefully, during the years to come, student interest will allow the band to grow.

The girls' Varsity Volleyball team got off to a good start under the coaching of Mrs. Oliver. This year the girls played in the Central Coast League, up against a lot of tough competition. Their record was 9-10 and they placed 3rd in the league.

Next year the Varsity team will lose some very valuable players, but with the rest of the girl's experience and sense of competition, our future team will prove to be winners.

The St. Joseph Cross Country team started off this season as the defending League Champions. They had a new coach, Mr. Bob Sly, and had four returning lettermen to the varsity squad. The number one, three and four men had graduated, meaning that this team would really have to work and develop what they had. They started off on a good note, and went through the season, losing a few runners due to colds or injuries, but kept going and finished proud of what they had done. They were 1-2 in league meets and had a good chance of going to C.I.F. if they beat Morro Bay by enough at league finals, and they did. Coach Sly commented that he was "Proud of the team and proud of what they had done this season." The Cross-Country teams final record for duel meets was 2 wins and 4 losses

Dana gets off a smooth shot at the foul line

This year's varsity basketball team got off to a good start with a 7 win and 6 loss record for pre-league. They had a few injuries at the beginning of the season. Dana and Chester were out at different times, making it hard for the team to get it all together. After starting off with three losses, they bounced back, and won five straight to be tied with Atascadero for second place Because of league rules, a coin was tossed and St. Joseph got third place in league. They went to C.I.F. with the first game against Carpenteria. They had a great team this year, but had some misfortunes. Their final record before C.I.F. was 12 wins and 9 losses.

This year, St. Joseph had three of the best basketball teams we've seen. Our Frosh team did very well in pre-league with a 10 win-6 loss record and had an outstanding record of a 7 win-1 loss record in league. The Junior Varsity team had good pre-league play with a 6 win-10 loss record, and like the Frosh, got first place in the league, with a 6 win-2 loss record. Our Varsity team, in view of injuries, got off to a great start with a 7 win-6 loss record for pre-league play. They went into the league and came up with a 5 win-3 loss record for league. Even though they got 3rd place by the flip of a coin, they went to C.I.F. and battled hard only to receive defeat in the first round. This year's Junior Varsity Basketball team got off to a good start in pre-season. Coach Warffuel had a lot of work to do, and he also had a lot of good material to work with. When league came along they were behind in wins, but after four games into league, they had almost evened it out. By the time the last league game rolled around, they needed one more win for an even overall win-loss record. Their season record was 12 wins-12 losses. They were first place in league play with a 6 win-2 loss record. We can look forward to a good Varsity team next year.

Coach Warffuel explains how to do it better.

Frosh Basketball

The Frosh started out the year with a 10 win and 6 loss record for pre-league play. They went into league and lost only one game. Coach Clark had his work cut out for him, as does any coach with new players. He worked them into a first place team with a lot of spirit and togetherness. This group of players has a lot to look forward to in the future. They were first place in league play with a 7 win and 1 loss record. Their overall record this season was 17 wins and 7 losses.

Girls' Varsity Basketball

The girls' Varsity Basketball team got off to a slow start this year. Most of the team are veterans. The team captains are Kathy Silva and Noreen Ibsen, the coach is Miss Sartain. They haven't started regular league play, but will start soon. The Girls' Varsity team has a shot at C.I.F. if they get everything together and really work. Good luck to the girls' team.

Girls' Junior — Varsity Basketball

The Girls' Junior Varsity Basketball team has a very promising future. Their record as of now is 3 wins and 4 losses. They have a good chance at getting first place in league, if they get a winning streak going. They have a lot of talent to work with and they have a good coach. Good luck to the Girls' Junior-Varsity Basketball or a good and successful league season.

The Gymnastics team, here at St. Joseph's, has become one of the most rewarding sports on campus. The members of the team put forth their efforts and through them are able to perform with grace and perfection.

Mrs. Oliver, head coach, gave the gymnasts her assistance by helping them with many of their stunts and routines, while Fr. Newman helped the girls gain the confidence it takes to make their efforts worth while

This year's Varsity Track team, with its many returning lettermen, has a very promising season ahead of it. Led by George Adam's school record-breaking throw of 49'734" in the shot put, the team showed good marks in their first meet. The varsity will not only be shooting for a league championship, which is very likely, but will be shooting to break as many school and league. records as possible. Some of this year's outstanding returning lettermen were George Adam, Mark Jackson, Erik Schlosser, Tim Markey, Martin Coady, and Jens Wagner The Coaches, Mr. Bob Sly and Mr. Mike Denne, have a lot of good material to work with. JUNIOR-VARSITY TRACK

Junior Varsity track has a good future in sight. The track coaches have several good athletes to work with and train into superb tracksters. The Junior Varsity is lead by Al MacNeil, who went to C.I.F. in cross-country, and Neil Cuthbert, who has the potential to be one of the best half-milers the L.P.L has ever seen. The frosh have shown a lot of strength in practices and at their first track meet. This J V. team is sure to be a good one and will surely furnish Varsity stars for the coming years.

Sportsmanship and respect are two words that can describe the 1978 St. Joseph's Frosh Baseball team. Under the coaching of Art Haggett the Frosh team has displayed much promise for the upcoming season. Assisting Mr. Haggett is Mr. Dick Newton, coach of the Knights J.V. team.
